Volunteers

1. We need a licensed contractor who is willing to install for \$150 handrails in an apartment bathroom for an Iraqi refugee who is paralyzed.
2. We need individuals who will help particular refugees find jobs by searching for available jobs and helping the refugees apply for them. Please see the attached priority list for an understanding of the need.
3. Cafe Clarkston, an Internet café created to serve Clarkston's international community, needs volunteers. Please see the attachment for more information.
4. Mommy & Me ESL is a wonderful English class in Clarkston designed specifically for women who cannot attend an English class unless it provides childcare. The class is meeting a tremendous need in the community and needs more teachers. Please see the attachment for more information.

Money

1. We know there are families that will not be able to pay their rent for May and need money to help them do so.

Items

1. Book bags
2. A volunteer is graciously helping a refugee student finish the school year by tutoring him at home, and the student needs the following two books:
 - a. Georgia Coach, GPS Edition, Mathematics, Grade 8

Thanks to everyone who responded to last week's list. We received much needed school supplies and the funds for a Sudanese single mom's deposit on a cheaper apartment.
